She completed a master's degree in the Education Faculty of Simon Fraser University. Sheila has taught elementary school and has served as a faculty associate for the teacher education program at Simon Fraser University.

# TEACHING EDUCATION

*Enhancing the Quality of Teaching*

**Teaching Education provides thoughtful, helpful reading for those committed to the education of teachers.**

"Teaching Education's articles provide insight into the way well-known professors teach classes in a variety of subfields of education. This is available no where else. Teaching Education is an indispensable resource for thinking about the educational futures that we create and that we might create."

*William H. Schubert*  
UNIVERSITY OF ILLINOIS

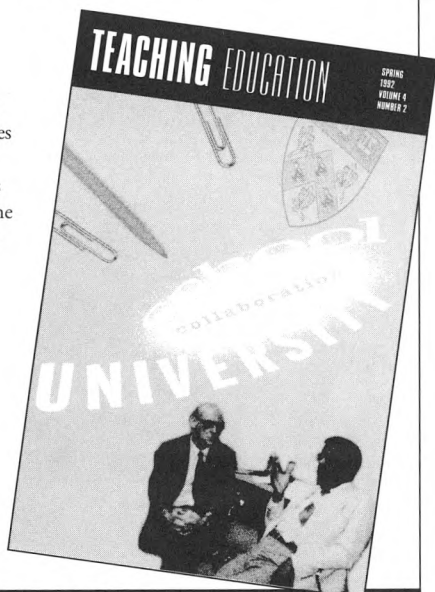

"The pictures, history, and text of Teaching Education all combine to give the reader encounters with educators. After I have read an issue I feel I have come to know persons and their ideas rather than only their ideas."

*Louise M. Berman*  
UNIVERSITY OF MARYLAND

Canadian and Mexican residents add \$4/year, other overseas add \$6/year for air mail charges.
