Mines and mining infrastructure that are documented in the historical record. Dot colour indicates the decade the site is first referenced.

- ○ 1858-1859
- ○ 1860-1869
- ○ 1870-1879
- ○ 1880-1889
- ○ 1890- early 20th c.
- ○ No information

Settlements and other landmarks

- ▫ Fort/town
- × Trading post, stopping house, or other settlement
- ▵ Other landmark
- Placer-era creek and river names shown in brackets

Mine excavations that have been identified in air photos and through fieldwork. (Note: no attempt has been made to map mine excavations along Quesnel River)

Polygon style indicates confidence that the mapped polygon represents a true mine excavation.

- ▨ Nearly certainly mined
- ☐ Probably mined, poorly defined boundary
- ⬚ Possibly mined

Associated labels indicate the type of mining suggested by site morphology
